D E E P A K

Profile

I'm a passionate and results-oriented 2nd-year undergraduate student with a strong foundation in web development technologies. I'm proficient in Java, HTML, CSS, PHP, DBMS, and Bootstrap, and I'm eager to leverage my skills to contribute to innovative projects and gain real-world experience.

EDUCATION

COER University

Bachelors in Technology
Current CGPA: 7.88
Backlogs: 0
Enthusiasm: Passionate about tech

PROJECTS

March 2024 – April 2024

E-BOOK
The project E-Book (Book Heaven) includes providing online e-books to readers and allowing the publisher to publish their books and a student corner where students can upload notes for their university and college and can share them with friends.

January 2024 – February 2024

TOUR AND TRAVELS WEBSITE
The website provides packages for the customer who wants to travel across the World and facilitate each and everything to him and for women we added extra security features.

In the above-mentioned projects, I worked as a frontend developer and practice to enhance my backend skillset.
